Objectives of the tournament:

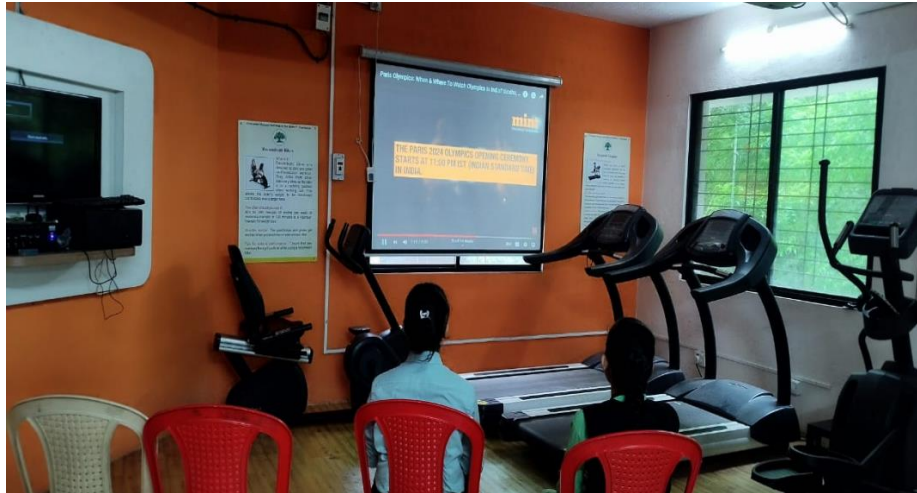

- To develop interest and awareness about various Olympic sports among students.
- To inspire young female students by showcasing the achievements of international athletes, especially women in sports.
- To help students understand Olympic values such as teamwork, discipline, and perseverance.
- To create awareness about fitness and health through exposure to world-class sporting events.
- To encourage students to support and cheer for Indian athletes participating in the Olympics.
- To inform students about potential career opportunities in sports, coaching, and related fields.
- To provide a platform for students to discuss and analyze Olympic events, strategies, and performances.
- To highlight and promote women's participation in sports, breaking gender stereotypes
- To create a lively and engaging environment in the college through a collective sports-watching experience
- To help students learn about different countries, cultures, and sports played at the global level.

Description of the Activity:

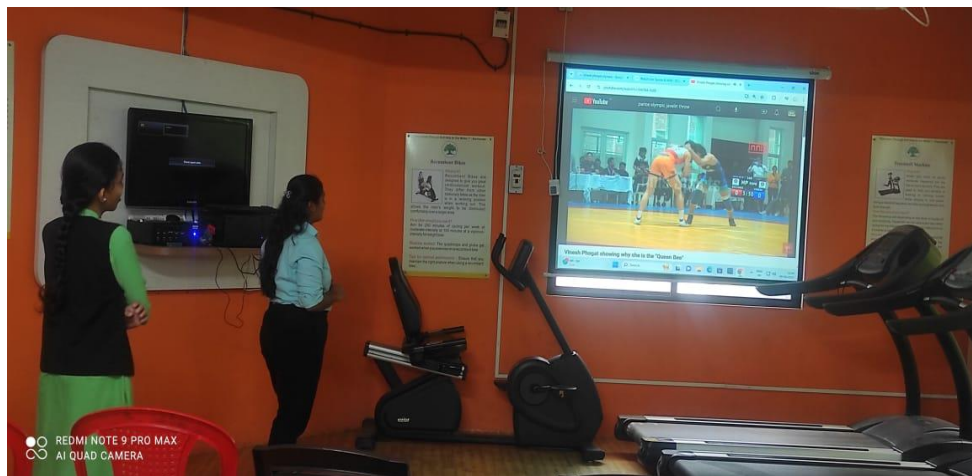

In connection with the Olympic Games held in Paris, we provided the opportunity for students in colleges to watch the live broadcast of the Olympic Games. The 117 Indian athletes who participated in the Olympic Games starting from July 25th and 16 sports over 18 days were shown live in the colleges from

July 25th to August 11th. Those who have time should come and watch this activity in their own time, and those who are interested in the games should watch the activities. The only purpose of the live broadcast was for the girls to come and watch it in their own time in the colleges. The main purpose was to make the students aware about various sports and to increase their awareness about sports.

Dr. Shivling Menkudale Sir and all the members of the Gymkhana Committee also enjoyed this program and received their cooperation.
