**Academic Year: 2017 to 2018**

**IQAC organized**

**A One Day Workshop on Research Methodology (22/08/2017)**

**Report**

IQAC takes various efforts for the overall development of the students by organizing academic activities such as expert lectures, workshops, seminars, project writing etc. On 22<sup>nd</sup> August 2018 IQAC has organized a one day workshop on Research Methodology. The basic objective behind this workshop is to guide the students about the research methodology, which is very advantageous for the students while project writing.

For the present workshop, Dr. Vishwas Deshpande, Head Dept. of Zoology, Yashwantrao Chavan Institute of Science, Satara, was invited as a resource person. In his guiding speech he has explained the nature, function and methodology of research and stated that the significance of research is valuable for the progressive life and so students have to make practice of doing something new, innovative and scientific while learning.

In the II<sup>nd</sup> session Prin. Dr. ArunAndhale has made a powerpoint presentation on 'Research Methods for Project Writing'. He discussed various topics with students and explained how it can be a good research.

In the 3<sup>rd</sup> session the task was given to the students about the selection of topics for their Environmental Projects. Groups of the students were prepared for discussion. After the proper thinking students have submitted various topics such as: fishery, A waste Management in Satara, organic farming, vermin-compost project etc.

IQAC co-ordinator Mrs. Jayashri Aphale has introduced the workshop's purpose and its significance in students' life. Dr. Vitthal Sawant has proposed the vote of thanks and Manjusha and Diksha compered for the workshop 145 students are benefited with this workshop and have given satisfaction feedback about the guidance and resource person.
